# Legal Notice and Privacy Policy

We appreciate your interest in us.

Below you will find information of legal relevance when visiting this website. In addition, you will find our Privacy Policy, which explains what kind of information may be gathered and processed, and how we may use "cookies". We thank you for reading the contents of this page, and, if you accept all terms and conditions, for visiting the website. By accessing or using the website, you accept all terms and conditions.

## Who we are

Welcome to Mobilaris. We deliver Decision Support Solutions for Mining, Industries and Authorities. Making the world safer and more productive.

Our website address is: https://www.mobilaris.se.

## Copyright, Trademarks, and other Intellectual Property Rights

The contents of the website, including but not limited to logos, trademarks, trade-names, text, images, graphics, sound, animation and video files, and their arrangement on the website are proprietary to us or one or more other Mobilaris Group entities or third parties and subject to intellectual property protection. No content of the website may be reproduced, copied, transferred, published, distributed, modified, reposted, or placed onto other websites or documents, without prior written authorization.

All intellectual property rights contained in the website, including copyrights, trademarks, trade secret and patent rights, are reserved and any use without prior written authorization from the respective owner is strictly prohibited. Nothing contained on the website shall be construed as granting any express or implied license or right to use our or any other Mobilaris Group entity's or third party's intellectual property.

## What personal data we collect and why we collect it

IP Addresses, Internet Browsers, Operating Systems, Domain Names: When you enter our website, we may collect your computer's IP address. The IP address does not identify you as an individual but does identify your Internet service provider. Other non-personally identifiable information that we may collect include the type of Internet browser used, the type of computer operating system used, and the domain name of the website from which

you visited our site.

The information is aggregated to provide broad demographic information, such as the geographic location of visitors and how long they stay on our site. Collecting this type of information allows us to administer our site, diagnose server problems, analyze trends and statistics, and provide better customer service.

We collect personal data through contact forms and other type of forms to be able to deliver a specific service (such as newsletters) requested by our users.

## Comments

When visitors leave comments on the site we collect the data shown in the comments form, and also the visitor's IP address and browser user agent string to help spam detection.

An anonymised string created from your email address (also called a hash) may be provided to the Gravatar service to see if you are using it. The Gravatar service privacy policy is available here: https://automattic.com/privacy/. After approval of your comment, your profile picture is visible to the public in the context of your comment.

## Media

If you upload images to the website, you should avoid uploading images with embedded location data (EXIF GPS) included. Visitors to the website can download and extract any location data from images on the website.

## Contact forms

Personal data is captured when someone submits a contact form. We will keep contact form submissions 12 months for customer service purposes, not for marketing purposes.

## Cookies

If you leave a comment on our site you may opt-in to saving your name, email address and website in cookies. These are for your convenience so that you do not have to fill in your details again when you leave another comment. These cookies will last for one year.

If you have an account and you log in to this site, we will set a temporary cookie to determine if your browser accepts cookies. This cookie contains no personal data and is discarded when you close your browser.

When you log in, we will also set up several cookies to save your login information and your screen display choices. Login cookies last for two days, and screen options cookies last for a year. If you select "Remember Me", your login will persist for two weeks. If you log out of your account, the login cookies will be removed.

If you edit or publish an article, an additional cookie will be saved in your browser. This cookie includes no personal data and simply indicates the post ID of the article you just edited. It expires after 1 day.

### Embedded content from other websites

Articles on this site may include embedded content (e.g. videos, images, articles, etc.). Embedded content from other websites behaves in the exact same way as if the visitor has visited the other website.

These websites may collect data about you, use cookies, embed additional third-party tracking, and monitor your interaction with that embedded content, including tracing your interaction with the embedded content if you have an account and are logged in to that website.

### Analytics

The web traffic is analysed by Google Analytics.

## How long we retain your data

If you leave a comment, the comment and its metadata are retained indefinitely. This is so we can recognise and approve any follow-up comments automatically instead of holding them in a moderation queue.

For users that register on our website (if any), we also store the personal information they provide in their user profile. All users can see, edit, or delete their personal information at any time (except they cannot change their username). Website administrators can also see and edit that information.

## What rights you have over your data

If you have an account on this site, or have left comments, you can request to receive an exported file of the personal data we hold about you, including any data you have provided to us. You can also request that we erase any personal data we hold about you. This does not include any data we are obliged to keep for administrative, legal, or security purposes.

## Where we send your data

Visitor comments may be checked through an automated spam detection service.

## Security

Technical and administrative measures are implemented to help protect personally identifiable information and other data on our servers from unauthorized access, loss, or alteration. However, no server or transmission over the Internet can be guaranteed to be one hundred percent secure. Therefore, any activity or communication is conducted at your own risk.

## Modification of Privacy Policy

We reserve the right to change or update this Privacy Policy at any time.
